

Before You Set Off From Your Pitch ...

Turn off the gas	
Switch fridge onto 12V	
Empty the fresh- and waste-water tanks and clean out any toilet cassette in an appropriate place	
Check the motorhome's windows and roof lights are closed	
All cupboard doors closed	
Habitation door locked	
No loose objects	
Check garage doors, water filler cap etc all secure	
Check the handbrake is on, especially if you have released it to turn the front seats to make up a bed	
Raise the corner steadies, if appropriate	
Remove any chocks	
Pull clear of the pitch and check the area for anything left behind
